School Tours—By Jemma Mullane

I can't remember all of my school tours but I know they were fun. In fourth class we went to Star Sailing in Kenmare. I think that was my favourite one because of all the activities we did. In fifth class we went to Ballyhass, Coachford. That was really good too. I think the best thing we did there was the 'Aqua Park' which was in the middle of the water. However, every school tour was good because we were all with our friends. We couldn't go on a school tour this year because the school closed early due to Covid-19, which was sad.

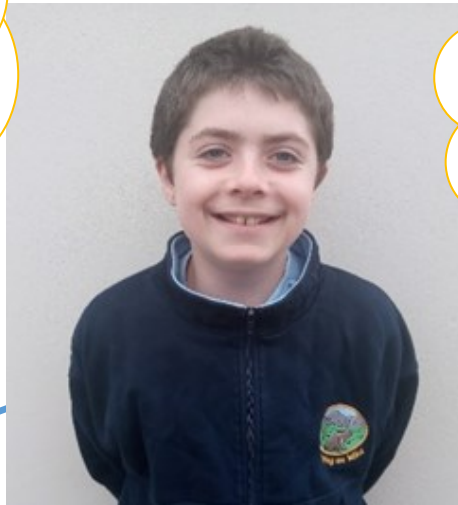

We used to always debate who was taller.

When we were both struggling to run around the school.

Dean Morgan

We were together for a practice quiz.

Playing soccer with him at his house.

What is your favourite subject in school? Maths/PE

What is your favourite food? Ice-Cream

What is your favourite film? Rambo 2

Who is your favourite celebrity/sports star? Virgil Van Dijk

What are your hobbies/interests? Soccer, Swimming and Basketball

Where is your favourite place to visit? Spain

When I am older, I would like to travel to... America

What is your best memory of primary school? Winning a trophy for schools sports and being captain of the 6th class debate team.

What will you miss most about Primary school? Easy homework

What secondary school are you going to? Blarney

What would you like to be when you are older? An Author

He is a very good goalkeeper and he saved us in a lot of games.

I just loved the story he wrote about the 6th class boys.

Bweeng School - Junior Infants to 6th Class- A Poem By Dean Morgan

The 2020 sixth class year is a story that I have to share, when we all started school, In junior Infants we all thought we were cool.

We learned numbers over ten, Shapes and letters way back then.

That year went pretty fast, And then we were in a higher class.

We learned about manners please and thank you, And there we have it we're done class number two.

First class came and we knew more, like how to walk across the road if you're going to a store.

I was also in the Swimming Gala that year even though I did not win, as I love swimming I was happy to get in.

In 2nd Class I did win a trophy for Bweeng School when I came in 3rd place, believe me it was not an easy race.

Also that year one thing shone above the rest Our Holy Communion was the very best, Even though every week we dreaded the spelling test.

Third class was the year of Division, Subtraction, Multiplication and Addition.

We also moved into a new room because of the extension, this I had to mention.

In 4th Class we got two teachers as I recall, the first time for us all.

We went to Kenmare Activity Centre on our school tour, we all enjoyed it that's for sure.

In 5th class we had the science fair, we all made projects that were displayed down there.

The Credit Union Quiz was on in February, It was as fun as a good quiz can be.

In 6th Class I was the captain on the debate team, and really enjoyed it, it was plain to be seen.

Bweeng School had their Confirmation, But we cannot say the same for the entire nation.

A Global Pandemic was soon to begin, And because of this it ruined everything.

I would like to thank my teachers through the years one and all, I learned a great deal and had a ball.

I will return to Bweeng as a teacher someday for sure, So Mr O'Sullivan Keep open that door.

*He was a great
asset to the
school quiz
team.*

A day at Cork City Sports - By Ryan Crowley

He always did well in the Cork City Sports.

To qualify for the Cork City Sports, we do a qualifying sports day usually above in the Community Park. You run against your age group and two qualify from each group for both boys and girls. This day alone is a great fun day involving both the pupils and teachers. On the day of the Cork City Sports, we meet the teachers, usually Ms. Heffernan and Ms. Harrington at the C.I.T. grounds at a meeting point (it used to be Pairc Ui Chaoimh). There are huge crowds there, thousands of children and parents from all over the County. Its alternates every second year for the competitions, girls in morning and boys in the evening and vice versa. The pupils and teachers go to a stand and wait for their race to start. It's all very exciting and the atmosphere is brilliant. You have your family and friends shouting for you and your school. It is very exciting to run in your individual race and also in the relay race. Our group won the relay last year it was amazing. I have done well over the years and have a couple of trophies to show for running in the Cork City Sports. There is nothing like representing my school and even getting my picture in the paper. I have always enjoyed the day and coming to school the next day to show my trophy to the classes is lovely especially for the younger children. It is a day to remember always.

When I saved his goal on the pitch.

When Ryan was really good on the quiz team.

Playing soccer with him and his brothers.

Mallow Science Fair - By Jack Collins

The Mallow Science Fair happens in October each year, it gives all the local schools in the area a chance to display a project that they had been working on. It also allows local businesses to show young people their products and innovations.

In fifth class our project was to make Styrofoam rockets that were propelled by the elasticity of strong elastic bands. In sixth class our project was air powered cars, we made these by recycling plastic water bottles, with the bottle as the body of the car and the tops as the wheels, we then used air generated from a fan to move the cars. We had lots of fun making both these projects and we got to show people at the fair these in small groups throughout the day. Because the day was divided into timeslots for the groups it meant that we all got to also see what was on the other stands and all the projects from the local schools.

Jack is very smart and very nice to talk to.

Jack always knew so much about History.

Lunch Breaks - By Dylan Spillane

At lunch time we usually played soccer or football. Unfortunately we couldn't always use the pitch as the grass could be wet. When we played on the concrete we usually played possession football. Most of the time it was boys against girls and we had lots of fun. In 3rd and 4th class we played at the front of the school. In 5th and 6th class we were lucky enough to have the pitch or we got to play next to it when it was too wet.

**When he was on
my team, liter-

Soccer Blitz By James Quinn

Earlier this year the 5th and 6th class boys had a soccer blitz in Mayfield. There were teams of eight boys but only five could start the game. The games were twenty minutes long and there were four groups with three teams in each group. Only one team got through each group. We entered two teams.

One of our teams got knocked out in the group stage and the other got to the semi-finals before getting knocked out. We did very well to get to the semi-final as there was a lot of tough competition. After the game we got the bus back to our school. This was good craic and we all had a good day out.

Junior Entrepreneur Competition- By Laura Giesche

My class and I took part in the Junior Entrepreneur Competition. An Entrepreneur is a person who sets up their own business. Last year, our business was our very own cinema. We sold popcorn, sweets and drinks. Before we set up our business, we had to give a presentation to the 'dragons' or judges. In groups, we came up with different business ideas and the dragons decided which project would be the best business. We had lots of different ideas for this year, but unfortunately the Corona Virus stopped us in our tracks. My class and I had lots of fun and learned lots of skills like teamwork and communication.

Active Schools - By Cecelia Canty

Active schools week is when the school organises sports activities in school. This normally happens near the end of the school year.

Over the past year we have completed activities such as climbing Mount Hilary, races in the community hall pitch and we also walked to Croke park by walking laps around the school. This year we are doing it differently because of COVID 19, the activity is being done at home and the teacher assigns activities.

At home as part of active week I have been training with my dad, going for runs & basketball training.

Changes in Bweeng N.S. - By Liam Sheehan

On the 3rd of September 2012, 19 pupils started Junior Infants in Bweeng NS, dressed in uniform, there have been many changes in the school in the last 8 years. When I started school it was much smaller, since then we have built two new class rooms - Miss Heffernan & Mr Walsh' s classrooms. Four new teachers have also started in Bweeng NS, namely Miss Howard (2014), Miss Harrington (2015), Miss O Hanlon replaced Miss Sheehan (2018), Mr O Sullivan replaced Miss McCarthy (2019). The number s of the school have also increased from 114 to 155. In 2013 the uniform was replaced with a school tracksuit.

To make room for the new extensions, the school lost a lot of yard space and tree s were also cut, but thankfully we managed to hold on to our pitch, where many fun games were played. Ms Buckley and her class created a lovely garden space at the back of the school, where lovely crops and flowers grow. Over the years IT and com-puters have become a greater part of school life. With greater use of interactive white board and iPads.

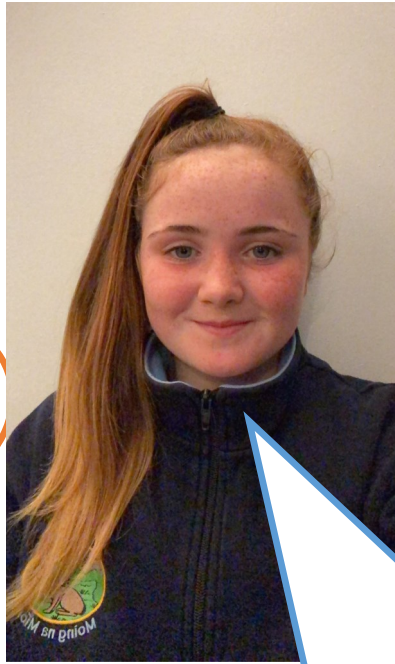

Bweeng NS now have 5 green flags - litter & waste, energy, water, travel and biodi-versity. I have no doubt that there will be many more in the future.

This June 18 pupils leave Bweeng NS with many great memories made. We have made great friends and we look forward to starting Secondary School in September

Green School - By Callum O' Sullivan

I was on the Green School Committee in sixth class. We would meet every few weeks to discuss what had to be done. Abigail, Eilidh and Rua were also on the committee. Ms Buckley was the teacher involved with the committee and helping us. We would make sure that everyone was participating in helping the green schools by making sure electricity and water were turned off when not being used. We were planning to plant vegetables and to make a wild flower area. Bweeng National School was awarded their fifth green flag this year. It was for Bio-Diversity but unfortunately we never got to raise it due to Covid-19.

Riddles - By Hannah-Rose O' Driscoll

What is harder to catch, the faster you run?

Your breath

The more of this there is, the less to see. What am I?

Darkness

If you have me, you want to share me. If you share me, you haven't got me. What am I?

A secret

What belongs to you but other people use it more than you?

Your name

What comes once in a minute, twice on a moment, but never in a thousand years?

The letter "m"

She was very kind to everybody.

A Farewell Message from Mrs. Sheehy

6th class, you joined us in 2012 as small boys and girls. We have had the privilege of watching you grow and develop into the fine young people you are today. You developed a good work ethic in Bweeng National School. Carry that forward into secondary school and you will do very well. Be sure to call back to see us. Go n-éirí an t-ádh libh. Mrs Sheehy

A Farwell Message from Mr. O' Sullivan

6th class, although I have only been part of Bweeng National School for the last two years of your primary school journey, I really feel I have got to know you all very well. Each of you are very special and have your own talents. I wish you the very best as you move to secondary school. I know you will be nice and kind to everyone and that you will work very hard. Enjoy your new adventure and take care. Best wishes, Mr O' Sullivan.
