

Laundry Basket Games

Turtle Races:

Mark out a race track and practice racing like a turtle with a laundry basket on your back. Time yourself and try to beat your time or race against a family member!

Laundry Hockey:

With a laundry basket, balloon and fly swatter or rolled up newspaper, play a game of laundry hockey. You could also use a small ball or rolled up socks.

Frisbee Basket Throw:

Using a Frisbee or a bucket lid, practice throwing a frisbee at a target. A laundry basket makes a great target!

Ramp it up:

Using a cardboard box or other material, create a ramp. To play the game, simply roll the balls up the ramp and launch them into the laundry baskets. It works best if you kneel to roll the balls. Label the closest basket 50 points and the further one 100 points. Use rolled up socks if you don't have a small ball.

Laundry Basket Transfer:

Set out a track and place two baskets at either end. Place ten items in the first basket and see how fast you can transfer all the items to the other basket. You can only take one item at a time.
